ROYAL WELSH COLLEGE
OF MUSIC & DRAMA
COLEG BRENHINOL
CERDD A DRAMA CYMRU

Production Project

As a team member on College productions, or on a negotiated, professional placement, students work in roles relevant to their area of specialist study, with tutorial support from a supervisor relevant to their area of study e.g., design assistance, scenic art, prop making, costume construction, millinery.

Assessment

On completion of each production each student completes a self-evaluation report.

Students are assessed for their aptitude in subject skills, application of practical and creative skills, and attitude in participation as part of a team.

On completion of the module the student should be able to:

- Demonstrate standards approaching professional levels with their skills, knowledge, and application within the process of production design and as a part of a team realising the design
- Demonstrate a level of engagement and understanding of the appropriate performance and production demands and commitment within the industry, working both independently and as part of a team
- Demonstrate a level of understanding and reflection of practice within the context of professional performance design and production design
